#### The Coast Mails.

According to the published schedules of the steamship lines there will be no mail for San Francisco before July 6. Postmaster Pratt, has, however, arranged to send a mail to the Coast via the Mauna Kea which leaves here on the 22nd to connect with the S. S. Enterprise which leaves Hilo for the Coast on the 24th. The Canadian-Australian steamship Aorangi leaving here June 23rd will also carry mail to Vancouver for distribution to all points in the United States and Canada.

#### Lurline Tuesday Morning.

Captain Weedon, of the steamer Lurline, has announced his approach by wireless, sending the following message to Castle & Cooke, the local agents, Friday evening at 8 o'clock: "1100 miles off. Will arrive Tuesday a. m. Have 2500 tons of cargo, 30,000 feet of lumber, 250 sacks of mail, sixty packages of express matter, twenty-one passengers and ten mules. Encountering moderate sea and North-west winds."

This means that the Lurline will arrive here considerably before she has been expected. She has been posted as due on Wednesday at the earliest, but Capt. Weedon probably realizes the longing for letters from home and is sending the good ship along at a corking rate of speed.

#### Concord Makes Steamer Time.

It took the island schooner Concord seven hours to make the trip from Lahaina, which comes close to establishing a new record for boats of her class. The Concord arrived here Friday night so much ahead of time that wideawake Eben Low wasn't even down to the wharf to greet her. Captain Piltz, who guides the schooner in her short dashes between the islands, reports that he will in future make the steamer look to their laurels in the matter of speed, even as he did on his last trip from Maui. The Pirate Kid is satisfied that the Concord can beat the Hawaii in another race, and says that if a purse is put up for a race, making it worth while, he will put some real racing sails on the old fishing schooner and show what she is capable of doing. The Concord leaves Monday for Hawaii with her usual cargo.

#### Early Mail for Coast.

The Matson steamer Enterprise leaves Hilo on next Thursday, June 24, and she will carry the next mail from the islands to the mainland. The Mauna Kea, which leaves here Tuesday at noon for Hilo, will carry the mail from here, making good connections with the Enterprise. On account of the cutting out of the Pacific Mail steamer Asia from this port on her return trip to the Coast from the Orient, Honolulu was threatened with a serious contingency for a while. This has been overcome now, however, and the mail that goes out on the Mauna Kea directed to the mainland will reach its destination via the Enterprise.

#### Prosper Off the Ways.

The schooner Prosper has come off the marine railway and work was yesterday started on the loading of her cargo of oil ties. She will be ready to proceed on her way to Redondo very shortly.

#### Mexican to Get Load.

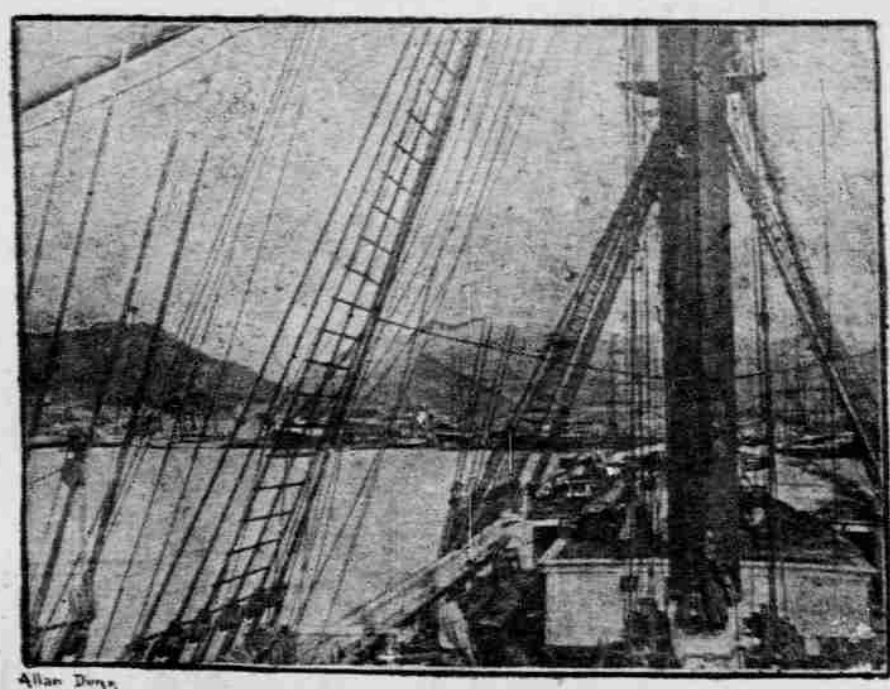

The American-Hawaiian freighter Mexican arrived last night from Tacoma and Seattle with her usual complement of New York (via Tahuan) and Tacoma and Seattle freight. She will take on about 6000 tons of sugar here and leave for Port Allen about Wednesday, loading 3000 tons there. She will complete her cargo of 12,000 tons at Kahului and Hilo. She will go to Salina Cruz.

#### Shipping Notes.

Sugar on Hawaii, as reported by the Mauna Kea yesterday: Oahu, 24,737; Waikanae, 1700; Hawaii Mill, 6500; Wainaku, 13,000; Onomea, 20,000; Pepeekeo, 6000; Honouliuli, 11,500; Hakala, 19,000; Laupahoehoe, 17,200; Ookaia, 6700; Kukaia, D 2946, H 3704; Hamakua, 22,000; Paauhau, 13,500; Honokaa, 15,000; Kukuihale, 11,700; Punaia, 6705; Honuapa, 4105.

A libel to recover \$140,000 as the alleged value of the schooner-rigged barge Roderick Dhu was brought in the United States District Court at San Francisco on May 20 by the Associated Oil Company, owner of the barge, against the tug Relief. It is alleged that while in tow of the Relief at 2 o'clock on April 26 the barge went on the rocks at Point Pinos, during a voyage from San Francisco to the Bay of Monterey and was lost. That this stranding was due to the unskillful navigation of the Relief and her tow and that the value of the Roderick Dhu before the stranding was \$140,000.

"I could not think of depriving you of your seat," she sweetly said. "Pray keep it." He sat down again. "Very well, if you insist upon it, ma'am," he said in a resigned voice. "But I've already been carried by my street."—Cleveland Plain-Dealer.
